

Only the LORD can tackle the woes of an ailing world like ours
Our endless plight is no more if we believe in HIM
HE is the Son of GOD; HE is the KING
HE is our Salvation, our Redeemer and Hope
With thorns on HIS head, HE died on a cross
A cross so laden with hate and arrogance
It was the cross from the hands of men
But HE promised to save the world
A world unkind and unjust
And so many still choose
not to give HIM their trust.
But our LORD, HE is so kind
HE never tallies the faults of mankind
HE is One who brings lasting Peace
He is the ALMIGHTY, the very answer to all our needs
HE is the Chosen One ~
HE smites darkness that engulfs the world in chains
HE comes bearing the light to free us from our sins
The wailing voices of those in need HE hears
Only HE can fathom our needs; only HE can truly understand
What transpires in the heart of each and every man ~
HE sends wisdom to the children HE loves
And to them HE extends HIS caring hands
If only we could walk on HIS side our woes will truly be gone
HE is so kind; HE brings serenity when all thoughts are in despair
HE is my LORD and yours to own, so don't be afraid; don't be in fear
Instead come just a little closer. Your woes and ailments will disappear
Come soon that you may hear - HIS word of truth
HIS hope for unity - for our world is divided
And we know this should never be
But because of our foolish pride we do things erroneously
We forget that there is but one way to find the Eden lost
The only way to find it is with the LORD, and HIS way is right on the cross.
So repent now while it is not too late
The kingdom in heaven waits for me and you
Let us obey GOD's Living Word which makes our spirits new
Let's call on the LORD JESUS and put an end to the agonies we have in life
He's the King of kings, the LORD of lords, the One who HE never leaves us
In pain, in hunger, in joy, in strife, HE is always by our side.
